Team Leader or Supervisor Level 3

A team leader or supervisor is a first line management role, with operational and project responsibilities or responsibility for managing a team to deliver a clearly defined outcome.

They provide direction, instructions and guidance to ensure the achievement of set goals. Working in the private, public or third sector and in all sizes of organisation, specific responsibilities will vary, but the knowledge, skills and behaviours needed will be the same whatever the role.

Key responsibilities are likely to include supporting, managing and developing team members, managing projects, planning and monitoring workloads and resources, delivering operational plans, resolving problems, and building relationships internally and externally.

Duration: Typically this apprenticeship will take 12-18 months.

Qualifications: Apprentices without level 2 English and maths will need to achieve this level prior to taking the end-point assessment.

Link to Professional Registration: On completion, apprentices may choose to register as Associate Members with the Chartered Management Institute and/or the Institute of leadership and management, to support their professional career development and progression.

Typical job titles: Supervisor, Team leader, Project officer, Shift supervisor, Foreperson, and Shift manager.

Entry requirements: The entry requirement for this apprenticeship will be decided by each employer, but may typically be five GCSEs at Grade C or higher.

End Point Assessment

End point assessment (EPA) is an assessment of the knowledge, skills and behaviours that your apprentice has learned throughout an apprenticeship, which confirms that they are occupationally competent.

Assessments have been designed by employers in the sector and are conducted by independent bodies known as end point assessment organisations (EPAOs).

The apprentice will only get their apprenticeship certificate after they have passed all the elements of their EPA, including any required standards in English and maths.

What does assessment involve?

Each apprenticeship includes an end point assessment plan, which describes how the apprentice should be tested against appropriate criteria, using suitable methods. For example, your apprentice may need to complete:

- a practical assessment
- an interview
- a project
- written and/or multiple-choice tests
- a presentation
- professional discussion

We will inform you at the beginning of the apprenticeship what the assessments are involved. This will give your apprentice plenty of time to prepare. For example, they may need to gather evidence to show how they've been working towards the core knowledge, skills and behaviours required.
