BUSINESS ANALYST LEVEL 4 (ST0117)

The **Business Analyst Apprenticeship** is a professional training programme designed for individuals who want to develop skills to understand business needs, analyse processes and data, make business decisions, and recommend improvements.

Apprenticeship Overview
Duration: Typically 15 months + Assessment

The Assessment
Business Analyst has two assessment methods which include:

1. A professional discussion underpinned by a portfolio of evidence (total 60 minutes)
2. Project proposal with presentation and questioning (total 45 minutes)

Masterclasses will consist of:

- BA Fundamentals
- Investigation Techniques
- Stakeholder Analysis and Management
- Business Impact Assessment
- Business Process Modelling
- Requirements Engineering and Management
- Data Modelling
- Gap Analysis
- Business Acceptance

The apprenticeship programme will include:

- Completion of Masterclasses - learning new knowledge, skills and behaviours to drive performance and efficiency
- Monthly 1:1 sessions with your Personal Tutor
- Application of new knowledge to develop skills
- Personal Development: development of your personal and professional goals

Deere Apprenticeships
Innovate · Inspire · Improve
