Customer Service Specialist

The main purpose of a customer service specialist is to be a 'professional' for direct customer support within all sectors and organisation types. You are an advocate of Customer Service who acts as a referral point for dealing with more complex or technical customer requests, complaints, and queries. You are often an escalation point for complicated or ongoing customer problems.

As an expert in your organisation's products and/or services, you share knowledge with your wider team and colleagues. You gather and analyse data and customer information that influences change and improvements in service. Utilising both organisational and generic IT systems to carry out your role with an awareness of other digital technologies. This could be in many types of environment including contact centres, retail, webchat, service industry or any customer service point.

Duration: The apprenticeship will take typically 15 months to complete depending on experience.

Entry Requirements: Organisations will set their own entry criteria and are more likely to select individuals with more advanced inter-personal skills, experience of working with customers in some capacity. You must achieve level 2 English and maths prior to taking the end point assessment.

Link to professional registration: Completion of this apprenticeship will lead to eligibility to join the Institute of Customer Service as an Individual member at Professional level. Should you choose to progress on a customer service career path, you may be eligible for further professional membership including management.

Review: The apprenticeship should be reviewed after a maximum of 3 years.

End Point Assessment

End point assessment (EPA) is an assessment of the knowledge, skills and behaviours that your apprentice has learned throughout an apprenticeship, which confirms that they are occupationally competent.

Assessments have been designed by employers in the sector and are conducted by independent bodies known as end point assessment organisations (EPAOs).

The apprentice will only get their apprenticeship certificate after they have passed all the elements of their EPA, including any required standards in English and maths.

What does assessment involve?

Each apprenticeship includes an end point assessment plan, which describes how the apprentice should be tested against appropriate criteria, using suitable methods. For example, your apprentice may need to complete:

- a practical assessment
- an interview
- a project
- written and/or multiple-choice tests
- a presentation
- professional discussion

We will inform you at the beginning of the apprenticeship what the assessments are involved. This will give your apprentice plenty of time to prepare. For example, they may need to gather evidence to show how they've been working towards the core knowledge, skills and behaviours required.

Additional description of Customer Service Specialist's Knowledge:

Business Knowledge and Understanding

- Understand what continuous improvement means in a service environment and how your recommendations for change impact your organisation
- Understand the impact your service provision has on the wider organisation and the value it adds
- Understand your organisation's current business strategy in relation to customers and make recommendations for its future
